If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

  Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

There was once a war that shook the
very foundations of Vana'diel.

It was a dark and dreadful age.
The lives of many were lost.
The futures of many were destroyed.
The joys of many were extinguished.

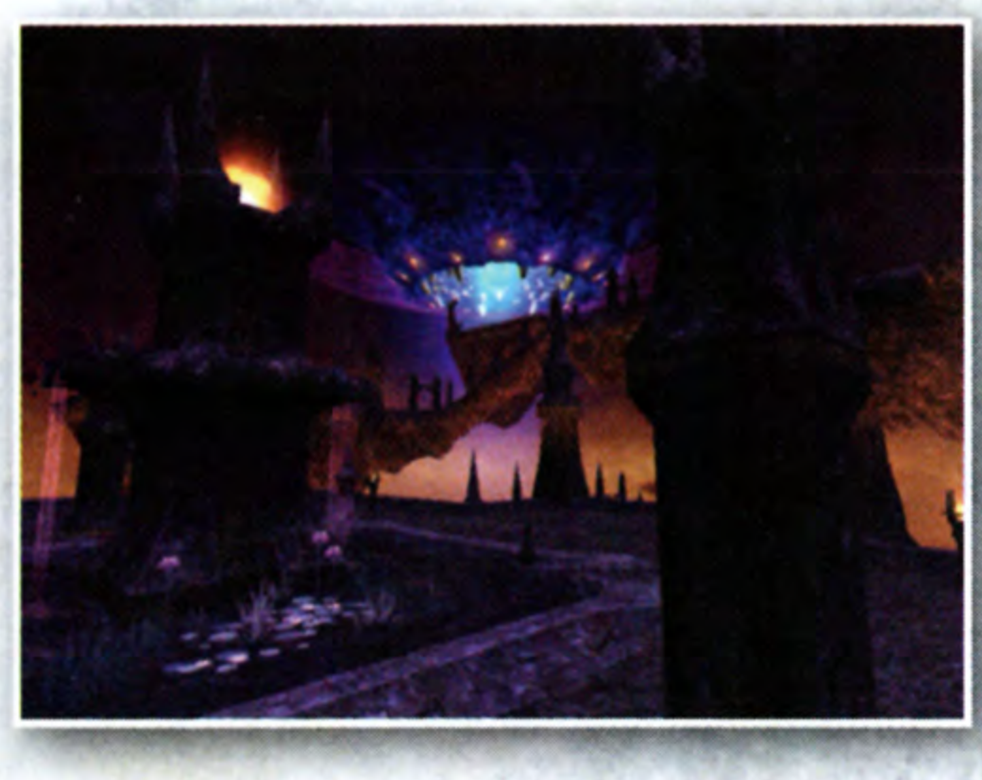
However, there are those from
that age who remember...

They remember the hope that burned in the darkness.
The companions that banded together.
The heroes that strove onwards.
The rivals that joined forces.

And now history is reborn,
as we return to that age of strife...

Cavernous Maw

What lies beyond these mysterious portals of grotesque design, and why have they suddenly manifested across Vana'diel? Perhaps the answer lies in rumors which state similar gates were also witnessed during the Crystal War, two decades past.



Campaign

This is the collective term given to the series of battles and border skirmishes waged in the Quon and Mindartian theaters during the Crystal War.

All those wishing to serve would enlist with one of the allied army's three main forces--the Kingdom of San d'Oria, the Republic of Bastok, or the Federation of Windurst--to combat the ever-advancing beastmen confederate comprising the Quon Host of the Orcish Empire, the Quadav Shieldwarriors, the Yagudo Theomilitary, and the Shadowlord's Dark Kindred. However, a volunteer's duties were not always limited to direct engagement with the enemy. Campaign endeavors also extended to tasks such as marches, supply runs, entrenchment and fortification, and cooperative maneuvers with allied forces.

It would not be an exaggeration to say it was through a delicate balance of military prowess and comprehensive strategy that these campaigns were ultimately able to lead the allies to victory.

Beastmen Confederate

THE ORCISH HOSTS:
IMPERIAL ENFORCERS

These elite troops deployed from the Orcish Empire are fitted with ingenious, Goblin-forged armor.

THE QUADAV SHIELDWARRIORS:
HEAVY ARMORED DIVISION

This division of Quadav footsoldiers wears incredibly thick steel armor into battle to protect them against the powerful firearms of the Bastokan Republican Army.

THE YAGUDO THEOMILITARY:
THE RESOLUTE

This chapter of implacable Yagudo blademasters has traveled to Castle Oztroja from the Far East with the permission of Tzee Xicu the Manifest. They wield massive nodachi in their role as bodyguards and sentries.
